Dear Sir or Madam,

I would like to offer my deepest gratitude for Fraser Heights Secondary School Committee's decision to selecting me as the recipient of the World Vision Academy Scholarship. I am very honored and humbled.

I am a Grade 12 student at Fraser Heights Secondary and will be pursuing a Bachelor of Science Degree at McGill University this upcoming fall. I plan to continue my studies at Medical School to achieve my ultimate career goal of becoming a physician and to volunteer overseas with Doctors without Borders.

Attending World Vision Academy has been one of the best decision I have made as a student. In fact, my academic standings improved significantly after attending the prestigious academy. From English 12 to Chemistry 12 and from Chemistry 12 to AP Calculus AB, the teachers at World Vision provided me the extra support I need to fully understand the material. On top of the academic benefits, the teachers motivated me to work hard and take initiatives with my learning. I developed a new found attitude which allowed me to approach learning with a healthy, open-minded mindset. I will be forever grateful for the time I spent at World Vision Academy.

This scholarship's meaningfulness exceeds its monetary value as it not only provides me financial support on my post-secondary studies, but at a personal level, it empowers and motivates me to take advantage of the learning opportunities and to continue to expand my horizon.

Sincerely,

Dear Ms. Yun,

I am writing to express my thanks for the World Vision Academy Scholarship. I am thrilled to be selected for this honor and I am very appreciate for not only your support, but also the many experiences and knowledge World Vision Academy has given me.

I look forward to attending UBC in autumn this year and living on residence. My goal is to be admitted to law school after undergrad, and the journey there is made easier with the award. Furthermore, the scholarship is more than simply financial assistance, it is also an inspiration for me to succeed in the future. World Vision Academy was like a second home, a particular memory was the week before my provincial exam; my last class. Mr. Turner along with the other students were extremely helpful in preparing both my confidence and my approach. I remember when Mr. Turner said to imagine him walking around like it's just another timed writing assignment", and that's what I did, along with remembering the multitude of other helpful anecdotes he bestowed me. I'll be sure to carry out the myriad of wonderful advice given to me in order to claim success.

Thank you again for your generous support. As a former student of World Vision Academy, I am proud to receive it and hope to achieve many more successes in the future.

Sincerely,
